

EASYCAL

CALIBRATION PROGRAM

EasyCal is the industry's most flexible calibration program,
designed to provide a "Single Source" solution for all your calibration needs.

2.4974903

AN ISO/IEC 17025:2017
ACCREDITED CALIBRATION COMPANY

"Thank you Nicol Scales & Measurement. We (and you) passed with flying colors on the scale calibration question with the SQF auditor. The ISO 17025 certification you attached and the online tracking of our scales' service history and certs were the keys."

*VP Quality Assurance,
Del Monte Fresh Produce N.A., Inc.*

EASYCAL

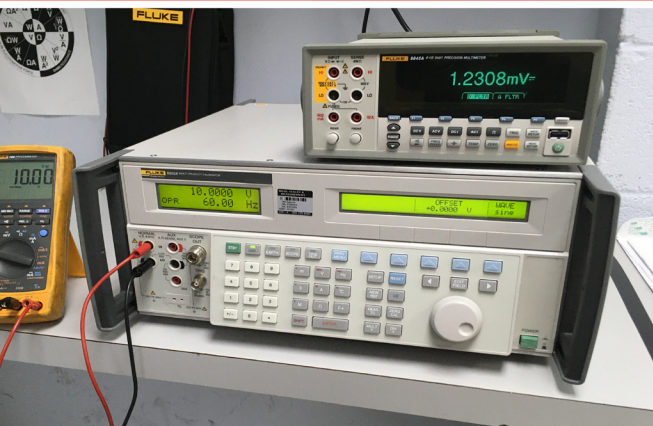

CALIBRATION PROGRAM

EASYCAL QUALITY ELEMENTS:

- ✓ Accredited to ISO/IEC 17025:2017 and meets requirements of ANSI Z540.1
- ✓ Technicians receive documented factory and internal training and average over 15 years of calibration or PMEL experience
- ✓ Licensed by State of Texas Department of Agriculture Weights and Measures to place legal for trade devices into service according to NIST Handbook 44 requirements
- ✓ All Calibration Standards are traceable to the National Institute of Standards and Technology (NIST)
- ✓ Full suite of calibration procedures designed to meet the most universally used calibration requirements published by ISO, NIST, ASTM, GIDEP and OEM Manufacturers
- ✓ Pre and Post calibration data and uncertainty data is provided with ISO/IEC 17025:2017 calibrations

EASYCAL CUSTOMER SUPPORT SERVICES:

- ✓ Priority scheduling with pick-up and delivery services available
- ✓ Account Managers who craft programs to meet individual customer needs and help with audit preparation
- ✓ Consultation on equipment calibration cycles, calibration program improvements and replacement equipment available
- ✓ Priority 24/7 emergency service line
- ✓ Managed asset and calibration cycle scheduling
- ✓ Eliminates multi-vendor approach with single source calibration program
- ✓ Multiple calibration location options: On-site, In climate-controlled labs, Mail-in Depot and Embedded Calibration Services all available

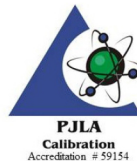

AN ISO/IEC 17025:2017
ACCREDITED CALIBRATION COMPANY

VALUE OF EASYCAL AGREEMENTS:

- ✓ Price Lock guarantee on all Calibration Agreements makes budgeting for your calibrations easy
- ✓ Non-binding program cancelable by either party with 30-day notice
- ✓ No pre-pay or cancellation fees
- ✓ OSHA and MSHA trained Technicians with industry low EMR safety rating
- ✓ Online 24/7 Access to CertFLO, Nicol's proprietary Calibration Software, allowing customers to access their Certificates, Non-Conforming Items, Asset Lists, etc.
- ✓ Best price guaranteed when compared to non-EasyCal calibrations
