Fit Assurance

Note: If ordering the super sack frame without a BTEK scale, it is important to ensure a proper fit to your existing scale, please check the dimensions below to ensure that our super sack frame will fit your scale.

5 X 5 Super Sack Slide on Base Plate Dimensions					
A	B	C	D	E	F
60.25"	2.875"	6"	2.5"	3.25"	.75"

If you have a square symmetrical scale, the base plates are the only assemblies that are critical for fit. If your scale is within the sizes above this kit will work with your scale.
