SuperSack Floor Scale

**Durable
Precise
Flexible**

The B-TEK Super Sack weighing system is the ideal solution for bag-filling applications. We offer several options, ranging from just the frame if you have an existing 5x5 floor scale, a package that includes a 10k capacity scale and frame, to the full solution that also includes the controller/indicator. Available in carbon steel and stainless steel.

Robust Construction

Carbon steel with abrasion-resistant paint or stainless steel

Pecise Filling

Ensure accurate distribution and filled bag weights

Simple Setup

Easily assembly and disassembly for relocation

SuperSack Floor Scale

**Durable
Precise
Flexible**
