THE 550 SERIES

Designed to perform in harsh environments. Wireless charging and a long-life lithium battery. Completely sealed with no openings for power plugs. Plus, a large, backlit LCD panel displays weight, indicators and operator messages. Models available in 6, 12, and 30-pound capacity

Bench Scale

A clear choice for a reliable, durable bench scale that’s ideal for food production and industrial applications. This completely sealed, stainless steel scale is dust tight and washdown safe, and the entire unit can withstand wet environments.

The long-life lithium battery provides 100 hours on a full charge — using the automatic shutoff timer— and wireless charging eliminates the need for connectors that can get damaged. The large, five-button panel with LCD display improves operator performance with visual and audio notifications, and the lightweight, compact design makes the 550 Series easy to transport.

INNOVATIVE DESIGN AND PERFORMANCE FEATURES

- Completely sealed for protection in wet IP68 environments
- Battery powered with wireless charging. Magnetic wireless charging pad is included, and the scale can be used while recharging the battery
- Construction: Stainless steel case, stainless steel platter and ABS plastic base
- Display indicators for: Stability, Charging Status, Low Battery, and Net and Gross weight
- Automatic shut-off timer to power down the scale when not in use
- 5-Button control: On/Zero, Unit, Net/Gross, Tare, Off
- Quickly switch between lb, oz, kg and g
- Rubber feet to maintain stability

SPECIFICATIONS

Capacity and Resolutions:	Models in 6, 12, and 30-pound capacity. Legal For Trade configurations available upon request.
Model 550-06	
Standard:	6 x 0.001 lb; 3 kg x 0.5 g
Legal for Trade:	6 x 0.002 lb; 3 kg x 1 g
Model 550-12	
Standard:	12 x 0.002 lb; 6 kg x 1 g
Legal for Trade:	12 x 0.005 lb; 6 kg x 2 g
Model 550-30	
Standard:	30 x 0.005 lb; 15 kg x 2 g
Legal for Trade:	30 x 0.01 lb; 15 kg x 5 g
Dimensions:	Overall: 11" D x 9.5" W x 4.7" H Platter: 7.25" D x 9.25" W
Power:	Rechargeable lithium battery. Magnetic wireless charging mat included. 100 hours of continuous use when using the automatic shutoff timer.
Display:	High visibility 6-digit 1.2" Backlit LCD display
Environmental Protection:	IP68 Certified by SGS
Temperature Range:	14° to 104° F (-10° to +40° C)
Certifications:	NTEP
Warranty:	One Year
