SUBJ: Active 4-20 mA Option for FB2550 and FB6000 Instruments

Fairbanks is happy to announce the release of an **active** analog 4–20 mA output option for the FB2550 and FB6000 Series instruments. This new **active** 4–20 mA is an addition to the existing **passive** 4–20 mA option.

Please review the product Catalog for pricing and details about this new accessory.
